Pelles äventyr - the game

Welcome to my city! Now that you're here, you must not miss playing my game of fun, it is in two parks in central Uppsala. In City Garden you have to help me when I have fallen into the Fyris river, and in Carolina Park/English Park, we will help Fritz and Frida find their youngest kitten Frallan who has run away and hid.

Visit one of the parks together with an adult and a mobile phone. On site, simply scan the QR code to get started.

You can also surf to www.pellesaventyr.se and start playing!
